

Dear Prayer Partners,

12/19/2019

I write to you in the last weeks of 2019, filled with anticipation for Christmas! I hope that you too are feeling the joy of the season and are looking forward to time spent with family and friends in celebrating the birth of our Lord and Savior.

Yet we cannot dwell for very long in Advent, because 2020 beckons us onward, and we have a lot of do in the coming weeks and months!

In January we'll be hosting our 5th annual Summit (Jan 23rd) and 2nd annual ySummit for youth (Jan 23rd) in Falls Church VA, in conjunction with the March for Life in Washington DC. We have a great list of speakers this year, and our prayer is that they will inspire attendees to engage in life ministry and to serve the unborn, elderly, and vulnerable. We will also be hosting our 2020 Symposium in Los Angeles on January 17th. Our speaker at that event is the electric Stephanie Gray, who will be talking about pro-life apologetics. We're so excited for all three of these events, and all the opportunities to encourage and connect with life-affirming people. Please pray for good traveling weather, for last-minute details, and for the Holy Spirit to be working in the hearts of everyone involved. If you are interested in attending these events, please visit our website for more information: www.anglicansforlife.org/events.

We also tend to see a spike of interest immediately after the national marches. This is a wonderful thing, but it can be a bit overwhelming for me and the AFL staff as we struggle to respond in a timely way! Please be in prayer for us, that we would be free of colds and infections and that we would have the stamina and passion to connect with people.

We also have two projects that we are working on in 2020. Sammie Gallo, author of *Abundant Life: You Were Made for More* youth curriculum, is adding a final module to the program, called "You Were Made for the 'Not yet'". It will focus on issues such as identity and trauma and how to live in this world while we are really made to live in the next. They are excellent teachings, and I am amazed at how the Lord is using Sammie to speak to teens. Please also be praying that churches and youth leaders would want to use the curriculum and that the youth would respond to God's calling in their hearts. We are also looking to build an adoption ministry within Anglicans for Life, with the help of Johnston Moore, who is a writer, speaker, and consultant with a focus in adoption and foster care. We aren't sure where this aspect of ministry will go, but we trust that God knows, and that gives me great encouragement!

Finally, we will be looking at some staffing changes in 2020, as we start to look for someone to help me reach out to clergy and laity, as well as fill some of our marketing and fundraising needs. We are going to start to look for someone in the spring, so please be praying for this person(s), that God may be even now preparing them for this ministry!

I wish you and your loved ones a most Merry Christmas and Happy New Year!

For His Glory
