Dear Anglicans for Life Prayer Team Members,

I hope this letter finds you well and leaning into the pace that summer brings – lingering a little later outside in the evening to watch fireflies, tending gardens, visiting farmers markets, and getting time with family and friends.

It has certainly been a busy time here at Anglicans for Life as we have welcomed new Chapters and Life-Affirming Churches, while working on the projects we outlined in our last letter. I praise God for His guidance as we are making progress on the “Clergy Class” project and the Training Program for Canada’s clergy has resulted in our newest publication **Shepherding the Dying**, a booklet to equip clergy to help walk the dying through their last days with a life-affirming focus. The Orphan Care project is being revisited as the grant we had hoped to get did not come through, so please continue to pray for the Lord to lead us in discerning how best to grow our adoption outreach.

In addition to the daily prayers noted on the enclosed calendars, please also join me in praying for these additional concerns:

- **AFL Staffing:** in my last letter I noted we were searching for a Communications/Graphics person, and after multiple interviews without identifying the right candidate, we have realized we need to break the job into two positions. So please pray for the Lord to provide: 1) Marketing/ Communications Specialist, 2) Graphic Designer with website and podcast production skills.
- **Planning for SUMMIT 2022**, which will occur January 20-22, 2022, in Falls Church, VA and virtually.
- The Lord would prevent proposed legislation entitled **‘Women’s Health Protection Act’** from being passed in the Senate, as it will overturn all federal and state pro-life laws and make it illegal for elected officials to even introduce pro-life legislation.
- My husband Jim, who was recently diagnosed with throat cancer, begins radiation and chemotherapy treatment today. We have been advised that the cumulative effect of this treatment over the course of seven weeks will severely impact his ability to swallow, so we covet your prayers that he will be able to get enough liquid nutrition without having a temporary feeding tube inserted. I also appreciate your prayers for me as his primary caregiver, and for the AFL Staff as they take on additional responsibilities while I’m out of the office. I will be taking a 3-week vacation time during the worst portion of the treatment to be with him around the clock.

Through all the blessings and challenges of life and ministry, we see God’s faithfulness daily in big and small ways. We know it is because of you and your faithful intercessory prayers on our behalf. Thank you for praying and as always, I look forward to sharing more answered prayers in our next letter and calendar!

Blessings for Life,
