Dear Anglicans for Life Prayer Team Members,

I love the season of Lent and the wonderful Collects that we pray during this special time of year. Sadly, this line from this week's Collect articulates my burdened heart as we are praying diligently for Kristen, AFL's Marketing Director who has been battling an ocular migraine for over a week. It truly seems like satan is assaulting her very being. She describes the pain as a dagger being plunged into the back of her eye.

Keep us both outwardly in our bodies and inwardly in our souls, that we may be defended from all adversities that may happen to the body, and from all evil thoughts that may assault and hurt the soul.

With her permission, I am asking you to storm heaven for this dear young woman who uses her eyes to create beautiful graphics. Currently, she cannot look at monitors or tolerate any light. May the Lord answer our prayers soon with a mighty and complete healing for Kristen.

I am grateful to report that God has answered your prayers related to the Life SUMMIT 2022; as we had a very successful series of events, with some folks still hosting watch parties using the presentations that are now available on AFL's YouTube Channel. All the details that surrounded the SUMMIT, including travel worked out very well, and all the last-minute changes had back-up plans that allowed the events to happen seamlessly. The 7th SUMMIT is in the history books and I invite you to join me as I begin praying for the speakers and program topics for our 8th annual series of events coming next January 2023!

I also want to thank the new people who have joined The AFL Prayer Team since my last letter, as we have added 72 new intercessors! Thank you all for making prayer for life a priority!

Please keep praying for the US Supreme Court *Dobbs v. Jackson Women's Health* case. They will probably release their decision sometime during the last week in June.

I would appreciate prayer for my husband Jim and I, as we are officially putting our home of 38 years on the market after Easter. Instead of building a patio home, we are renovating a small condominium to live in until we find just the right house for the next season of our lives. While part of me is very excited for this new season, the planner/organizer part of me feels slightly overwhelmed by all that has to be done. I keep reminding myself you can only eat an elephant, one bite at a time!

During this moving process, here at AFL we are also planning the following projects to work on:

- Develop audio/video teachings, handouts, and links that will equip clergy to provide pastoral care on difficult topics. The resources will be published on the Anglican Bioethics & Pastoral Care Center website.
- Update Anglicans For Life's external communications resources, including our website (make it mobile app friendly) and existing AFL publications, while expanding our social media outreach. This includes hiring a social media specialist to increase our impact in the digital world.
- Teach the *Ten Words of Life* as a June Term Class at Trinity School for Ministry with The Rev. Ross Blackburn, PH.D. (Please pray we get the required eight students to attend, so the class can occur.)

Finally, I close with praise for the new AFL Chapter being birthed at Holy Trinity, Augusta, SC! Please pray for all the AFL Chapters as many must restart ministry since Covid.

Thank you for caring about life and AFL's ministry and for taking time to pray for everything on the enclosed calendars! May our Lord and Savior wrap you in His love and grace.

For His glory,
